REISSUE APPLICATION DECLARATION BY THE INVENTOR

As a below named Inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.
I believe I am the original, first and sole Inventor (if only one name is listed below) or an original, first and joint Inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 5,809,306, granted September 15, 1998, and for which a reissue patent is sought on the invention entitled VARIABLE ADDRESS LENGTH COMPILER AND PROCESSOR IMPROVED IN ADDRESS MANAGEMENT

the specification of which

is attached hereto.

was filed on Sept. 14, 2000 as reissue application number 09 / 662,484 and was amended on _____
(If applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

by reason of a defective specification or drawing.

by reason of the patentee claiming more or less than he had the right to claim in the patent.

by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

Claims 1-61 fail to specifically define various configurations of a data processor performing data processing based on an 8-bit instruction which independently designates an operation, a source operand register, and a destination operand register, while the prior art does not disclose these data processor configurations and therefore the patentees claimed less than they had a right to claim.
